IndiNatus Secures Video Surveillance Order for Atal Awasiya Vidyalaya, Saharanpur with Our Project Partner Vardhan Engineering & Associates Pvt Ltd

Atal Awasiya Vidyalaya

Customer

Atal Awasiya Vidyalaya, located in Saharanpur, is a prestigious residential school committed to providing high-quality education in a secure and nurturing environment. The institution sought to upgrade its security infrastructure to ensure the safety of its students, staff, and premises.

IndiNatus India Pvt. Ltd. is proud to announce the successful acquisition of a significant order from Atal Awasiya Vidyalaya, Saharanpur. The project involves the installation of more than 250 IPC (Internet Protocol Cameras) and PTZ (Pan-Tilt-Zoom) cameras to enhance the security and surveillance of the educational institution. This project is executed in association with our esteemed project partner, Vardan Engineering and Associates Private Limited.

Challenges

Project Details

- **Project Partner:** Vardan Engineering and Associates Private Limited

copyright © 2026 indinatus.com All Rights Reserved.

- **Scope of Work:** Installation of more than 250 IPC and PTZ cameras
- **Objective:** To enhance the security and surveillance of Atal Awasiya Vidyalaya, Saharanpur
- **Technology Used:** Advanced IP and PTZ camera systems

Challenges

1. **Comprehensive Coverage:** Ensuring the entire campus, including classrooms, dormitories, common areas, and outdoor spaces, is under surveillance.
2. **Integration with Existing Systems:** Seamlessly integrating the new cameras with the existing security infrastructure.
3. **High-Quality Monitoring:** Providing high-definition video footage with real-time monitoring capabilities.

Solutions

Solutions Implemented

1. **Strategic Placement of Cameras:** Our team conducted a thorough site survey to identify key areas for camera placement, ensuring comprehensive coverage of the campus.
2. **Advanced Surveillance Technology:** We deployed state-of-the-art IPC and PTZ cameras capable of high-definition video capture and remote monitoring.
3. **Integration and Compatibility:** Our experts ensured that the new surveillance system integrated smoothly with the existing infrastructure, providing a unified security solution.
4. **Training and Support:** We provided training sessions for the school's security personnel to effectively manage and operate the new surveillance system.

Outcome

The installation of the advanced video surveillance system has significantly enhanced the security of Atal Awasiya Vidyalaya, Saharanpur. The school now benefits from:

- Comprehensive coverage of the entire campus.
- High-definition video monitoring with the ability to zoom, tilt, and pan cameras for detailed surveillance.
- Real-time monitoring and recording capabilities, ensuring prompt response to any security incidents.

Conclusion

The successful implementation of this project underscores IndiNatus's commitment to providing innovative and reliable security solutions. Our collaboration with Vardan Engineering and Associates Private Limited has resulted in a state-of-the-art surveillance system that ensures the safety and security of Atal Awasiya Vidyalaya, Saharanpur. This project is a testament to our expertise in delivering customized security solutions that meet the specific needs of our clients.
